Vol 21

Antique Tools & Parts Sales in March, June, Sept & Dec - to subscribe to free catalogues please write or email. The low estimate is the reserve - I accept any amount on or over the reserve. Send in your bids anytime. Deadline is 12.00 noon on auction day. The highest offer wins. If identical bids are received on a lot the first one in is the winner. I'll invoice you the day after the sale. Postage is extra

I rate the condition of the lots from P (poor) Fr (fair) G (good) G+ (very good) to F (fine)

1

1 Double-sided shifting spanner by Crescent. Very minor rust, no pitting. 8" long. G+ \$ 30-60

2

2 Butcher's steel marked Nichols Bros. Steel is 14" long, overall with handle 19.5" G \$ 15-30

4

4 Super clean Greenlee 8" drawknife in the English style with a straight back. Minor chip on one handle. G+ 30-60

3

3 Stanley 36 1/2 L one foot box-wood rule with calliper. Minor nick above the 1 inch mark. G \$ 15-30

5

5 Very collectable Junior Shell tin for cleaning/lighter fluid. Very good graphics on all sides. This model never had a handle. 3" x 1 3/4" x 3 3/4". G+ 30-70

6

6 Brass powder flask made in Italy. 9 1/2" long. No attempt was made to artificially age this flask - even though it's not new. It's a replica in the style of 19th century flasks. The seller shipped it in the mail full of gun powder. I hate to think what the penalty would have been! G \$ 20-40

7

7 Collectable miniature 3 1/4" glue pot, complete with inner pot and ornate lid. Some rust inside. G \$ 30-60

8

8 Eagle Trademark 6" T-bevel made by Hearnshaw Bros. This is a scarce pat applied model, marked EAGLE on one side and embossed with the eagle trademark on the other. Some pitting spots. G \$ 15-30

9

9 These small 8" eggbeater drills were sold by several companies. There are no markings on this one. I believe it is a Millers Falls No 4 - and one of the best I've sold in years. Has most of the original black finish intact and the rosewood crank handle is just great. G+ \$ 35-70

11

11 Very collectable tape measure *Three Feet in One Foot*. Pressed metal, I believe it was originally nickel plated. In good working order. G \$ 20-40

10

10 Stanley 92 butt and rabbet gauge. Stanley's top line butt gauge with a rosewood fence, brass stem and brass extension. Brass shoe but no scribe. Points are perfect, extension works fine. Minor nicks & scratches in wood. No maker's marks. Cleaned. G \$ 25 -50

12

12 Stanley 18 six inch T bevel plus Stanley 58 six inch dividers with pencil, both in fine condition. F \$ 20-40

13

13 Stanley 93 butt gauge with all three points in perfect condition. Lacks the little stop at the end but works just fine as is. G \$ 15-30

14

14 Two Stanley 41 pocket levels. One with pressed brass plate patent June 23, 96; the other with the heavy cast iron top plate marked Stanley. Both with screws. G \$ 20-40

15

15 Stanley eight inch rosewood square and matching bevel. Blade on square has a few minor rust spots and scratches, bevel is perfect. G+/F \$ 10-20

16 Stanley 98 side rebate plane in as found condition. Reversible front skate seems to be stuck in the present position, needs TLC to free up the screw. No markings on cutter. G \$ 30-50

17 Stanley 193 fibre board plane. Cutters are not original and need adjusting. Both lever cap screws are replacements – maybe a bit short. Glued crack in handle, most of the japanning is intact. Perfect for parts or display. G \$ 30-70

18 Stanley 4 smooth plane marked made in USA in bed. SW cutter and lever cap. Clean sides and sole. Rosewood knob and handle cracked. Well over 90% japanning intact. Bargain, just add wood! G \$ 15-30

19 Stanley 6C jack plane with corrugated sole, SW vintage, Pat 1910 in bed. 90% japanning intact, good rosewood, SW cutter, correct SW lever cap. G+ 60-120

20 Stanley 70 box scraper with notched logo on cutter. G+ \$ 20-40

21 Stanley 282 scraper. Cutter is damaged, rest ok. Fr \$ 10-20

22 scraper with wooden top handle, no marking. Fr \$ 15-30

23 Stanley 82 cabinet scraper. Dirty but complete, should clean up well. Notched logo Stanley cutter included (not pictured) G \$ 30-60

24 Craftsman adjustable block plane. Little used. G+ \$ 20-40

25 Low angle block plane, possibly Sargent, same as Stanley 60 1/2. Blue cap, red adjuster, Stanley cutter. Sole and mouth are good. G \$ 20-40

26 Stanley 9 1/2 adjustable block plane, black finish, model number on side. Notched logo cutter. F A \$ 20-40

27 Stanley 81 cabinet scraper. Clean tool but not much plating intact. Hanging hole in one handle. Rosewood sole is ok. G- \$30-60

29 Stanley 248 weather-strip plough plane with one cutter. Both sets of rods, over 90% japanning intact. Hanging hole in front. G \$ 30-60

28 Stanley 13 circular plane with good, clean sole and tight mouth. Not much japanning left. J logo cutter with owner's marks. G \$ 50-100

31 Stanley 148 7/8 match plane (tongue and groove) plane. About 80% plating is intact but needs cleaning. The tip of the cutter clamp facing you is broken off but still works ok. Both cutters are present. Fr \$ 30-60

30 30 inch Stanley level with a pair of No 138 SW universal brass level sights. Nicks around edges, plumb vial is a later replacement with US one-cent coins as covers. Wire crosshair needs replacing. G \$ 25-50

32 Stanley clapboard marker and gauges. Partially cleaned, some rust and some pitting. I don't think I ever found one in an Australian tool box but if you collect Stanley tools I guess you need a set. G- \$ 20-40

33 Stanley 100 squirrel-tail block plane in excellent condition. Probably re-painted but it's a close to perfect job. Faint marks on cutter. G+ \$ 30-60

34 Stanley 100 1/2 block plane with round sole. Stanley notched logo cutter, number embossed on handle. About half japanning left, some pitting marks on side and sole. G \$ 40-80

35 Lot of 10 old collectable European fishing lures -all named . l/r: Swiss Swing 4; ABU Sweden, Mepps Black Fury 2 France ; Rublex 2 France, Mepps 1 France, Mepps Aglia France; Swiss Swing 4; South Bend; Abu Sweden; Little George (painted lead) G \$ 15-25

36 Custom made 22" beech jointer plane with an early Sorby 'hanging sheep' cutter. Minor small blemishes in wood from use and age. A well made plane with nicely grained wood. G+ \$ 30-60

37 R. Hoe & Co, New York N.Y. printer's block shoot plane, steel encased on three sides with a wooden handle and a 3/4" slightly skewed cutter. Plane measures approximately 9" x 3". It would have been used to even out the sides of old wooden printer's blocks. Some old (cleaned) pitting marks. G \$ 50-100

38 Small 8 1/2" sash filletster plane with boxwood screw-stems and **rosewood nuts**. Beech body with steel sole and 1 1/4" Berg Shark logo cutter. The maker's mark on the shoulder is CFJ in a shield - definitely Scandinavian. most probably Danish. Very attractive little plane. G+ \$ 50-100

39 Coachmaker's compassed beech plough plane with wedge-stems. No maker's marks, I believe it is custom made. Front stem has a bit missing from the end facing you. Note that the fence is compassed as well. 9" long. G \$ 40-80

40 My very first Danish plane and it's a Queen: Beech with boxwood screw stems and **rosewood nuts**. Looks virtually unused. Maker's mark on top JPBO Johan P. Bendixen, Odense. Berg Shark brand cutter. F \$ 60-120

41 Spiers 13 1/2" dovetailed steel panel plane with rosewood infill and handle. Front bun shortened and there is a chip to the side of the handle spur. The plane is marked Spiers on the brass lever cap. 2 1/2" cutter is by Hearnshaw. Sides and sole lapped to perfect condition, mouth is good and free of chips or cracks. A very good plane that can be improved with little effort, all the hard work has been done. Put in a more attractive cutter (- like the Norris parallel iron in this sale-) round-off the sides of the front bun, polish the wood and you end up with a great worker or show piece. G/G+ \$ 200-400

42 Stanley 50 UK small plough plane, complete with all parts incl. chip breaker, screw for small cutters and cutter box with full set of 17 cutters & instructions. Box is rough, plane has a few minor rust/pitting spots. G+ 60-100

43 Stanley 140 rebate block plane. Without doubt the best block plane in the Stanley range. This one has no fence - fences are often missing because a lot of users don't like them! Bed has most japanning intact, no chips, cracks or pitting. Some dirt and rust on the lever cap, VG Stanley R&L cutter. G \$ 30-60

44 Stanley 50 made in USA small combination plane with a set of 16 cutters plus chip breaker and beading stop. Lacks depth stop. Minor rust spots, most nickel plating is intact. G \$ 40-80

45 Stanley 66 hand beader with 5 new cutters and one straight fence. Pat 86 on top of handle. Re-painted. Good user quality tool. G \$ 30-50

46 Stanley 78 rebate plane made in UK. Complete with d/s and fence in original box. G+ \$ 50-100

47 Sargent 1080 PB combination plane (same as Stanley 45) with 22 cutters in canvas roll. I believe this is a 1944 model - it was offered with 22 cutters only. Very good condition with nice wood. Box ok. G+ \$ 100-200

48 Stanley 72 chamfer plane with Pat 85 on side, B casting in base and on the back of the lever cap. The plane has not much japanning left, the lever cap had a paint touch-up. Rosewood Stanley handle fits perfectly but is from a #3. Very good R&L logo cutter. Overall a good example. G \$ 180-360

49 Stanley 72 bullnose attachment with extra star screw. They never came with the star screw, you had to use the one from the regular front piece. No chips or cracks, no japanning. G \$ 100-200

50 Stanley 5 1/2 jack plane made in USA, late SW model with orange frog and SW cutter. Good rosewood, most japanning intact. Some lapping- and pitting marks on side facing you. G \$ 45-90

51 Stanley 90 made in UK bullnose plane in original box. A perfect example with all the plating intact and a full cutter. Box G, plane F \$ 60-120

52 Stanley 7 jointer plane made in USA with some issues: fly-speck chips on mouth and lever cap edge. Handle is hard plastic, handle bolt is welded to the base and SW cutter is low. On the plus side, you get a nice bed with most japanning intact, the mouth comes good with a few strokes of a file. To use or dress up to display. Fr \$ 40-80

53 Stanley Bedrock 604, Pat 1910 in bed, one-line Bedrock lever cap, SW cutter and very good rosewood with a partial decal on the handle. 80+% japanning intact. This plane was sold to me as perfect but on closer inspection I found a couple of minor flaws: there is a small sliver off the bottom edge of the rosewood handle towards the rear and there are some very faint, minor rust/cleaning marks on the side. Overall still G+ \$ 100-200

54 Sargent 81 side-rebate plane with mahogany knob. Marked Sargent No 81 VBM Pat 7-21-14 on back. The front plate can be removed for stop-rabbeting work. Most plating is intact. Not a common plane at all. G \$ 60-120

56 Stanley 5C jack plane with corrugated sole. Made in Can, SW cutter, keyhole lever cap, rosewood handle with minor chip to spur. Half the japanning is intact. Hanging hole in heel. Strictly a user plane. Fr \$ 20-50

55 Stanley 77 rod and dowel turning machine in G+ condition. Comes with the original 3/8" cutter in the machine plus extra cutters 5/16, 1/2, 5/8 and 3/4. They do not all come in the correct boxes. All are G+. The machine will be shipped in a wooden box, probably custom made but with the original Stanley label on the front. G+ 500 - 1,000

58 Stanley 83 cabinet scraper, complete with original roller and cutter marked Stanley in large letters. 90% nickel plating intact, good wood. G+ \$ 60-120

60 Pair of Stanley 98 & 99 side rebate planes, complete with depth stops. Both cutters are marked Made in USA in large letters. 90% nickel plating intact, some minor surface rust. Will clean to G+ \$ 100-200

59 Stanley 79 side rebate plane made in USA, complete. Still has a lot of plating intact but rust spots need cleaning. Fence is secured with two of the later type slotted screws. G \$ 40-80

61 This 6" block plane looks exactly like a Stanley Excelsior plane (see lot 134) but it's a B Plane, manufactured by the Birmingham Plane Co in the 1890s. It's generally assumed that Bailey had a hand in the design - one of the reasons Stanley could shut down the B Plane Co with patent litigations. Great condition with original cutter marked B Plane. No other markings. G+ \$ 40-80

62 This is a fantastic workbench extension with 3 wooden clamp screws and one spring loaded steel bench dog. Pictured here from the under-side, it looks just as good as the top. The two brackets with the wooden screws on top clamp onto any boring old work table. Scandinavian origin with a lot of age and well cleaned. 31" x 9 5/8" x 1 5/8" or 790mm x 243mm x 42mm. G \$ 100-200

63 Set of gauge blocks/slip gauges in beautifully fitted mahogany case marked The VanKeuren Co, Watertown, Mass. Included is a sine bar with an owner's mark plus a booklet *Carr Lane Multipliers and Trigonometry Tables*. All G+ Box measures 10 1/2" x 5 1/2". \$ 50-100

64 Lot of five palm carvers by Millers Falls. Four good, one has some mild pitting. Wooden box is rough but comes with the original lid. G- \$ 20-40

65 J.W. Handley made in Australia brass clinometer with Department of Defence markings and dated 1941. 10" long. G \$ 40-80

66 Lot of small carvers with red stained wooden handles, marked *Japan*. G+ \$ 10-20

67 Marked box with super fine jeweller's/watchmaker's drill bits in about a dozen tiny wooden containers plus two drills - I believe they were driven with a small bow. Swiss made with paperwork. G+ \$ 25-50

68 DR Barton Rochester 3" slick with great old wooden handle. Minor pitting spots, overall G+ \$ 70-140

69 Lot of 3 cranked patternmaker's gouges by Buck, sizes 1/2", 1" & 1 1/4". One inch has weld repair to shank. G+ \$ 40-90

70 Lot of four large size carving gouges. From left: Addis & 3 Buck Bros 3/4" 1" 7/8" & 1/2". Minor rust on one, all G+ \$ 50-90

71 Folding 8" drawknife with OVB mark of Hibbard Spencer and Bartlett. Red handles with slots for secure storage. Surface rust should clean ok. G \$ 30-60

73 Scarce half size 4 3/4" beech rebate plane by R. Livingston, Glasgow 1873-1903. Half inch cutter. F \$ 20-40

72 Recent 8" drawknife with sticker *Dixie Industries, Forestry Tools, Made in USA*. G+ \$ 20-40

75 Three long bladed (9" with shank) mortice chisels 1/8" 1/4" & 1/2" plus two gouges 1/4" and 1/2", all US makers in G+ condition. \$ 50-100

74 Close to perfect Belknap Bluegrass jointer plane fence with japanned top and nickel plated bottom. No markings. F \$ 50-100

76 Millers Falls pat Feb 18, 1890 angular brace bit . Very good apart from one pin missing at the adjuster bracket. G+ \$ 30-60

77 Small coachmaker's brass T-rabbit plane with squirrel-tail epoxy handle. Few small chips on mouth. Could look stunning with a better wedge & wood handle. Plane is 3 1/4" long without handle. G \$ 40-80

78 Wheelwright's traveller marked Willey Russell Mfg Co, Greenfield Mass around the rim. Indicator intact, some rust and minor pitting marks. G \$ 40-90

79 Kelly hatchet with original hickory handle. Very little used tool with perfect markings. 12 1/2" long with a 3 1/4" cutting edge. F \$ 60-120

80 Goodell-Pratt corner drill with rosewood handles and double jaw alligator chuck. Top handle is spring loaded and can be moved into different positions. Small chip in the gear housing, some rust. G \$ 60-120

81 Adjustable Hollow Auger with selector wheel by Stearns. About 3/4" of the original finish is intact. Complete with depth stop. The screws that hold the cutter are fitting replacements. G \$ 30-70

82 3" spoke pointer, no maker's marks. G \$ 25-50

83 2" spoke pointer, no maker's marks. G \$ 20-40

84 Interesting lot of vintage brace bits including several nut drivers, reamers, chuck conversions etc. Some rust, overall G \$ 30-60

85 Restored and cleaned Stanley 27 transitional jack plane G \$ 30-70

86 Stanley 67 universal spokeshave with good rosewood handles. Flat sole. This is a model with L&R thread handles. G+ \$30-60

87 Stanley 60 double-sided spokeshave with two good R&L logo cutters. Not much japanning left. G \$ 20-40

88 Early Keen Kutter 9 1/2 block plane in as found condition. G \$ 20-40

89 Stanley 81 cabinet scraper with rosewood sole. Original V logo cutter. Most plating gone but overall a very clean tool. G \$ 40-80

90 5/16" cutter head for Stanley 77 rod and dowel turning machine. G+ \$ 50-90

91 Stanley G4 with corrugated sole. OVB (Our Very Best) mark on lever cap and blade. These planes were made by Stanley for the hardware company Hibbard Spencer and Bartlett of Chicago. Some dirt and surface rust but overall good with good wood. 1920 patent in bed. G \$ 80-150

92 Stanley 40 1/2 scrub plane with SW cutter. Very good wood, most japanning is intact inside and out. G+ \$ 80-160

93 Stanley 46 skewed plough plane with 7 cutters. Clean but not much plating left. Has a fixed crack in the handle. Complete with depth stop and splitter gauge. G \$ 90-170

94 Stanley Bedrock 608C with corrugated sole. Round sided model with two-line Bedrock lever cap and Pat 92 cutter. Handle has a small sliver missing from the top edge. Most japanning is intact, sides and sole are clean. A good looking plane. G+ \$ 150-300

95 Stanley 41 Miller's Patent combination plane, complete with filletster bed, wrap-around fence and straight fence. The body is good, all the other parts have weld repairs. If you invest a little bit of time and a lick of paint you can make them virtually invisible, especially the small fixes to the fences. Paint all parts black, when dry sand the paint off the protruding decorations – as easy as that. I have restored my share of these planes, I'll let you have all the fun. Fr/G \$ 150-300

96 Stanley 57 core box plane with one set of extensions and original turnbuckle. Good original wood, cutter with J logo. There are two fine hairline cracks in the side of the base. Most plating is intact, the bed is very clean, the sides have surface rust inside and out. This is a great display plane that needs very little work to shine. G- \$ 150-300

97 Record 077 bullnose plane. This is a bit of a dog with small chips off both corners of the mouth, an extra hole at the heel and a brazed cutter. The early clamp makes a good part and fits the 077A as well. Pr \$ 20-40

98 Early Stanley 41 fence with most japanning intact and one fence screw. The thread for the fence screws is damaged on both sides. On the left it still holds the screw, on the right it has been enlarged and won't take a Stanley thread any more. Fr \$ 25-50

99 Stanley 12 1/2 scraper with great rosewood handle and rosewood sole. Cutter is a very good replacement, identical to Stanley. Well over 90% japanning is intact. Only apology is a small hanging hole just in front of the number 12 facing you. G \$ 70-140

100 Stanley 140 rabbet block plane without the fence. Excellent condition, most plating and japanning is intact. Little used R&L logo cutter. G+ \$ 30-60

101 Early Stanley 18 block plane with Pat 96 knuckle-joint lever cap. Bed re-painted, minor scratches on front plate G \$ 20-40

102 Stanley 18 block plane with knuckle-joint Pat 13

lever cap and little used SW cutter. Fly-speck dings on mouth, less than 1mm. Fr \$ 20-40

103 Stanley 60 1/2 block plane with nickel plated lever cap for parts. As found condition. Little used Stanley cutter. 2mm chip on mouth. Fr \$ 20-40

104 Stanley 130 made in USA double sided rebate plane . Minor rust spots, most japanning intact. Notched logo cutter. G+ \$ 20-40

105 Interesting Ohio Tool Co 69 3/4 block plane with swivel frog and lever to adjust the depth of the blade. Would have had a tail like Stanley 9 3/4. Original blade, most japanning intact. G \$ 30-60

106 Stanley 60 1/2 low angle block plane, some loss of japanning, clean mouth. G \$ 30-50

107 Stanley 80 cabinet scraper with V logo on strap. No markings on cutter. Most japanning intact. Good working tool. G+ \$ 20-40

108 Stanley 8C jointer plane with corrugated sole. Some pitting marks on sole and a small chip missing from the side at heel, other than that a very good plane with good rosewood, a good cutter with the 1901 large letter Stanley logo on the blade and an early Bailey patent back iron. Fr/G \$ 80-150

109 Stanley 23 transitional smooth plane. Pre-lateral model with eagle trademark on toe. Original J logo cutter. This plane has done its fair share of work, front is worn down, cracked and bruised on the side. Fr \$ 40-80

110 Stanley 35 smooth plane. Good wood, Pat 92 cutter. Minor paint marks. G \$ 50-90

111 Stanley 51 spokeshave with *round sole*. This is a custom-rounded model, not the rare 51R. US made, Stanley SW logo on cutter. G \$ 15-25

112 Stanley 67 universal spokeshave with good SW cutter and good round sole. This is an early model with interchangeable rosewood handles. Both ferrules are split and there is a braze repair to the side of the body. Still works ok Fr \$ 20-40

113 Stanley 75 bullnose plane made in USA with V logo cutter. Most japanning intact. G \$ 20-40

114 Stanley 18 cast iron T-bevel with blued 10" steel blade. Minor surface rust on stock, blade VG. G \$ 15-25

115 Preston 10" iron spokeshave with a 2" Preston cutter (5/16" left under the slot) Nickel plated model, some dirt and a lot of patina, would shine up a treat if so desired. G \$ 40-80

116 2" gouge by Groves & Sons. 4" useable steel left to shaft. Nice handle too small for such a big tool. G \$ 15-30

117 3 bevel-edge chisels. 5/8" Berg Shark brand; 1/2" Buck Bros; 1/4" Witherby. All G+ \$ 20-40

117

120 Complete boxed Record 735 fibreboard plane, used to bevel, slit and groove softboard and bevel hardboard. Complete with two boxes of spare cutters & instructions. Box Fr, plane and parts F \$50-100

120

119

118 Hollowback 9" drawknife marked ALBION. Steel is VG with minor harmless age spots. Pic can't to it justice. G \$ 20-40

119 7 3/4" drawknife by W. Gilpin with good large maker's mark and crossed axe logo. Blade looks wire-brush cleaned. Both handles have splits. Early collector tool, ok worker. G- \$ 20-40

122 Kelly hatchet made in Canada. Handle a bit rough and needs to be wedged properly. Fr/G \$ 20-40

123

123 Record 10 1/2 rebate plane. Blade has a lot of use left. Clean sides and sole, free of chips or cracks. A lot of the original blue finish is intact. G+ \$ 50-100

121 Plumb crate hatchet with good large Plumb logo. Hickory handle is ok but needs to be wedged properly. G- \$ 20-40

124 Early 1840s broad axe head with a 11 1/2" cutting edge by William H. Weed (mark faint but legible) Rust and pitting marks front and back. Good display piece from an early and not at all common maker. Fr \$ 50-100

124

125 Ivory rule with German silver fittings, one foot four-fold. Dark with age, outside has lost markings, inside ok. Few minor age cracks in ivory, overall intact and sound. Marked 88 inside, could be Stanley. Fr \$ 40-80

125

126 Fine Elgin improved wrench with Pat 97 on handle plus additional 1906 & 1913 patents on side. F \$ 25-50

126

127 Stanley 136 1/2 boxwood rule with brass calliper. This is a pretty scarce 6" long version of much more common 136. In as found condition with crisp edges and nice patina on brass. Other side with inch scale. G+ \$ 25-50

127

128 Goodall Gage style # 4 size smooth plane. Samuel Goodall was a hardware dealer who started manufacturing Stanley style planes in the 1890s after some of the Stanley patents expired. And predictably, it didn't last long. Stanley- true to their form of killing off any competition- bought his plane manufacturing business and that was the end of the line. Scarce G \$ 50-100

128

11

129 Stanley 4 trammel points in original box with instructions. G+ \$ 30-60

130 Stanley 1 Odd Jobs, complete with original marked rule, scribe etc. Minor discolouration in wood, plating is mostly intact but dirty. Vial is good. Will clean to G+ \$ 100-200

129

131

131 Stanley 8C jointer plane, rosewood handle and knob, Pat 1910 in bed. Most japanning intact, SW cutter has about 30mm left under the slot. Rosewood handle is a later type replacement in VG condition, free of chips or cracks. G \$ 100-200

132

133

132 Stanley 113 compass plane in as found condition. Approximately 80% of the original finish is intact. Cutter with Pat 92 logo. Will clean to G+ \$ 70-120

133 Stanley 103 small block plane, later model with notched logo on cutter. Most japanning intact. G+ \$ 15-30

134

134 Early Stanley 9 1/2 block plane. This model clearly has an Excelsior body with the finger grip. S cast in body, all the relevant patents on the adjusters. Scarce. G 50-100

135 Stanley 85 cabinet makers scraper plane with tilting rosewood handle and knob. Well over 95% japanning is intact. Owner's mark on handle. Cutter looks original but is not marked. Pat 05 behind frog, No 85 Staley Pat applied for behind the front knob. G+ \$ 350-700

135

136

136 Scarce Stanley No 3 one foot four-fold boxwood rule with brass calliper. Fine inside and out, pins intact. (1907-1917) F \$ 60-120

137 Stanley 64 one foot four-fold boxwood rule. All pins intact. G+ 30-60

138 Fine Stanley 65 one foot four-fold boxwood rule. All pins intact. F \$ 50-100

137

138

139

139 Stanley 9 3/4 type 1 block plane with correct early split handle, rosewood ball and flat lever cap. Bailey Pat 1858 cutter is well used and has some cleaned pitting marks. The adjustable mouth is secured with a simple screw, all correct for this type. Nothing missing, no chips or cracks. It looks like the front has had a light paint touch-up. This model is scarce. G \$ 180-350

140 Ward Master 45 combination plane made by Stanley. Complete with all cutters and attachments. G+ \$ 60-120

143 Union 35 transitional smooth plane with original cutter. Identical to Stanley. Few scratches on sole otherwise a good, well cleaned plane. G \$ 40-80

141 Stanley 36 transitional smooth plane. Good wood, good J logo cutter, handle free of chips or cracks. 3 Patents on lateral adjuster. Frame re-painted. G+ \$ 50-100

142 GTL brass smooth plane with Norris look-alike adjuster. Made by Guaranteed Tools Limited in London around 1930. Not exactly a quality tool but must have sold ok because it shows up quite regularly. G \$30-60

144 Stanley 610 pistol grip hand drill with SW logo on crank. Tiny fix to the drive gear, hard to spot. Presents well but it is a re-painted tool. G- \$ 60-120

145 Pre-lateral Stanley 35 transitional smooth plane with eagle trademark on toe. Correct J logo cutter. No chips or cracks, a very collectable tool with good patina and most of the original finish intact. G+ 60-130

146

146 Scarce Stanley 78 1/2 fully brass bound four-fold 2 feet boxwood rule with SW logo. Excellent condition inside and out. G+ \$ 60-120

147

147 Stanley Gage 3 smooth plane with Stanley patents on middle strap. Most of the japanning is intact, clean bed inside and out. G+ \$ 70-140

148 Very collectable Stanley 37 "Jenny" jack plane. Original J logo cutter low, minor discolouration to wood and minor scratches to sole. Maker's mark on toe is faint. G \$ 80-170

149

149 Chaplins Improved Patent 1203 (Stanley 3C size) smooth plane with corrugated sole. Checkered hard rubber handle is as good as new, well over 90% of the original finish in the bed is intact. Cutter marked Chaplins Improved Patent, also several patent marks on the l/h side. This is a very collectable plane in exceptional condition. F 100-200

148

150 Pre-lateral Stanley 3 smooth plane type 2 with solid brass adjuster nut with the early Bailey patents. Pat 1867 cutter and correct pat 67 back iron; correct flat-back lever cap; beaded front knob and early rosewood handle. There is one neat owner's mark on the neck of the lever cap as well as along the base of the l/h side. Approximately 90% japanning is intact. Some Minor rust spots one side and sole. G+ 100-200

150

151

151 Union transitional 8" smooth plane with early lever-type depth adjuster. Lever cap lost all japanning, rest good. Original early cutter with 1903 patent. Some discolouration to side and sole. G \$ 50-100

152

152 Scarce Stanley 83C four-fold two foot boxwood rule with brass calliper. SW logo. G+ \$ 40-80

153

153 Sargent 3415 transitional jack plane. Good plane but on the over-cleaned side of restoring – could do with some oil or wax. No cracks, some scratches on sole. 15" long. G- \$ 40-80

155

154

154 Sargent 407 (No 2 size) plane. VBM lever cap, Stanley 2SW cutter, mahogany handle and knob with crack in handle. Around 80% japanning intact, minor storage rust on side and sole. G \$ 60-120

155 Sargent 408 smooth plane, 8" long i.e. between size 3&4. Later model with one line Sargent lever cap and varnished hardwood. F \$ 20-40

155A

155A Record 4 1/2 smooth plane, unused with decal on handle. Close to perfect apart from some very minor storage rust. Comes in original box with paperwork. F \$ 40-80

156

156 Stanley 3 smooth plane, two 1902 patents in bed. There is a tight fixed crack in the handle, the cutter is later and English. Most japanning intact; some paint splatters. G \$ 30-60

157

157 Stanley 18 knuckle-joint block plane with early cutter and Pat 97 in bed. Lever cap with one line Stanley logo. Most japanning intact. G 25-50

158

158 Adjustable block plane similar to Stanley 220 with VanCamp Hardware Co cutter. Lever cap could be Stanley, depth adjuster looks like Union. Like all 220 type planes, easy to adjust, great to use. G \$ 15-30

159 Custom made 17" steel infill plane with a good 2 1/2" Sorby parallel cutter. Closed handle and infill looks like mahogany with traces of an old finish. There is one 2" crack running along the top screw on the off-side. The sole has quite a lot of pitting marks (cleaned). The mouth is ok – I guess the plane will make a good user and it certainly looks ok in a display. Fr \$ 80-160

159

There is a huge demand for **Stanley plane parts** and quite a few merchants have tapped into this market, charging extraordinary amounts of money for pretty common stuff. Apart from the parts listed here I also include a number of rougher tools in my sales – perfect sources for those missing parts. Put in a bid and see how you go... if you miss out there is always the next sale... I do not sell any parts that are not listed here but you can put in a request and I might be able to include them in a future sale.

160 Stanley 1 lever cap, SW vintage, free of chips or cracks. G+ \$ 70-120

161 Stanley 2 lever cap with orange background, SW vintage. Free of chips or cracks. G+ 40-80

162 Stanley 3 (or 5 1/4) lever cap, SW vintage, no chips or cracks. G+ \$ 10-20

163 Stanley 4 or 5 lever cap, SW vintage, no chips or cracks. G+ \$ 10-20

164 Stanley SW vintage lever cap for 4 1/2, 5 1/2, 6, 7 in as found condition. G+ \$ 15-25

165 Stanley SW vintage knuckle-joint lever cap. Some loss of plating. G \$ 10-25

166 Stanley block plane lever cap to fit most adjustable models incl. 9 1/2, 220 etc. Some loss of japanning. G \$ 10-20

167 Similar but earlier lot with Pat 97 embossed. G \$ 10-20

168 Similar lot for early models with clamping lever at back. This one has lost most of its finish. G- \$ 10-20

169 Stanley combo plane cam rest. G+ \$ 15-25

170 V cutter and 1/2" cutter for Stanley 71 router. G+ \$ 20-30

172 Auxi tower minus shoe for Stanley 55. Not much plating left, no chips or cracks. G \$ 30-60

173 Replacement handle and knob for Stanley 2. Handle is rosewood, knob stained hardwood. G+ \$ 30-60

174 Stanley 62 low angle plane lever cap. G+ \$ 30-60

171 Later style replacement rosewood handle for Stanley 3 or 4. G+ \$ 20-40

175 Stanley 113 ornate adjuster knob, early type. G \$ 10-20

176 Stanley 113 handle with two screws. Most japanning gone. G \$ 25-40

177 correct 113 back iron & low Pat 92 cutter. G \$ 10-20

178 Original Stanley 113 lever cap (longer than 3) Marked S and 113 on back. G \$ 15-30

179 Excellent early Stanley rosewood handle for large size planes. With hardware. G+ \$ 25-50

180 Lot of five cutters for Stanley 66 beader. 4 are Stanley, one is custom made. The router cutter is marked Stanley. G \$ 25-50

181 Depth stop for Stanley 98 or 99 side rebate plane, complete with correct screw. G \$ 20-40

182 Blade clamp/chip breaker for Stanley 90 bullnose or Stanley 93 rebate plane, free of chips or cracks. G+ \$ 20-40

183 Cutter for Stanley 75 Notched logo, made in USA G \$ 10-20

184 Very little used Mathieson 1 1/4" cutter for steel shoulder/rebate plans G+ 20-40

185 Very little used Mathieson 2 1/2" tapered cutter G+ 20-30

186 2" Tothing cutter with good length serrated edge for veneering work. Maker is Buck Bros. G 10-20

187 Little used Mathieson 2 1/4" parallel cutter, almost full length G+ \$ 25-50

188 Body Stanley 10 made in USA, no patent date. Around 60% japanning intact, no chips or cracks, surface rust only. G \$30-60

189 Fence for early Stanley 45 plough plane with slotted brass screws. G+ \$ 20-40

190 Number 8 size 2 5/8" cutter to fit Stanley and other brands, made by Union. This cutter is about **50% thicker than the equivalent Stanley part**. Best & most economical replacement I know of. G \$ 20-40

191 Fence with screw for Stanley 71 router. G+ \$ 15-30

192 Fine, unused late model Norris 2 1/2" parallel iron with the Sorby stamp on the back –still in the original grease paper F \$ 50-100

193 Fence with rod and correct thumb screw for Stanley 78 rebate plane. G \$ 15-30

194 Stanley 8 lever cap for early models. Clean, free of chips or cracks. G+ \$ 25-40

195 very little used Stanley 8 cutter and back iron with Pat 92 logo. Surface rust only, this one will clean to G+ \$ 25-40

196 Identification and Value Guide for Sargent planes by David Heckel, signed copy. 104 pages, A4 size. G+ \$ 20-40

212 Mathieson 9B beech plough plane with closed handle and boxwood stems and nuts. One of the inner nuts is cracked (fixed) otherwise G+ \$ 100-200

213 H. Browning, Rowe Mass 1850-55 beech plough plane with boxwood stems. Virtually no stem damage. G \$ 60-120

214 Ohio Tool Co No 101 beech plough plane with boxwood stems and nuts. Ohio Tool Co cutter. No stem damage. Wedge is a custom made replacement. G+ \$ 60-120

215 Ebony and brass mortice gauge with square stem and brass-lined fence. Maker Frost, Norwich. G+ \$ 40-80

216 Rosewood slitting gauge by Thos. Firth & Co. Stem is good, fence has some serious bruising on the sides. Fr \$ 20-40

217 Ebony and brass mortice gauge with round brass stem. No maker's mark. G+\$ 30-60

218 AC Bartlett's Ohio Planes mark on this beech plough plane No 119. Manufactured by the Sandusky Tool Co for Hibbard, Spencer, Bartlett & Co 1890-1920. G \$ 60-120

219

219 E.A. Stearns & Co No 54B one foot four-fold ivory rule with German silver fittings and calliper. One tiny sliver missing from edge of calliper slide and one crack in one inside section. G+ \$ 120-250

220

220 Stephens No 36 one foot two-fold boxwood rule with level, clino and steel slide. Pat Jan 12, 1858 on side. Fully brass bound, level vial is intact. Excellent condition all-round. G+ \$ 60-120

222 Lufkin 836L four-fold two feet boxwood rule with clino and level. F \$ 35-70

221

221 Rabone No 1214 three-fold one foot ironmongers boxwood rule with calculating tables one side and imperial scale to one foot on the other. Brass-bound edges and calliper slide. Very rare. G+ 100-200

222

223

223 Four-fold two feet ivory rule with German silver fittings. Architect's scales inside. No maker's marks. Yellowing outside, very nice patina inside. Some wear but overall G \$ 80-150

224

224 Stanley No 87 four-fold two feet ivory rule with German silver fittings. Some yellowing and moderate wear inside and out. No chips or cracks. G \$ 70-140

225

225 Aston & Mander, London 6" boxwood folding square with brass arch and brass ends. G+ \$ 30-60

226

226 Very rare early Rabone two-fold one foot boxwood rule with brass arch, brass slide and scalloped calliper. Marked J.Rabone & Sons, Birmingham G+ 40-80

227 Rabone 1465 four inch boxwood rule with large brass calliper. G+ \$ 20-40

228 H. Howell & Co, Stick Manufacturer, London is the maker of this four inch boxwood rule with scalloped brass calliper G+ \$ 20-40

228

229 J. Rabone and Sons, Makers. Rare three inch boxwood calliper rule No 1461, sold as *button gauge*, in fine condition. F \$ 30-60

229

230

230 A. Mathieson & Sons four-fold three feet boxwood rule with metric & imperial scale, complete with pins in unused condition. Rare. F \$ 30-70

231

231 Chapin Stephens Co No 65 1/2 four-fold one foot boxwood rule, fully brass bound F \$ 40-80

232 Chapin Stephens No 53 1/2 architect's boxwood rule with bevelled edge inside. Four-fold, two feet with brass ends. F \$ 40-80

232

233

234

235

236

237

238

233 A blank (unfinished) four-fold two feet boxwood rule with brass-bound edges. G \$ 20-40

234 Standard Rule Co four-fold two feet boxwood rule with brass edges. G+ \$ 20-40

235 Six inch boxwood draughtsman's rule. No maker's mark. G+ \$ 5-10

236 J. Woodrow & Sons, London 5 inch hatter's rule, boxwood with brass slide and scales Head/Hat on back. Scarce. G 30-60

238 Stephens & Co No 96 3 inch cased leg boxwood calliper rule. Rare \$ 50-100

239

240

239 Lot of 3 different printer's typeset rules, brass and steel with maker's marks. G \$ 10-20

240 Rabone 1185 four-fold four feet boxwood rule in ok condition. G- \$ 15-30

240A An assorted lot of 5 boxwood rules from G- to G, Rabone, Stanley etc. \$ 20-30

240A

241

241 Stanley 11 belt maker's scraper. The body of this scraper is "grey-finished" i.e. it has been cleaned back to the cast iron. All the rest, including the V logo cutter is very good. Needs a coat of black paint inside and out to make it at least G \$ 70-150

242

242 Stanley 5 1/4 junior jack plane. Later model with VG rosewood handle and knob, notched Stanley logo cutter and kidney shaped hole in the lever cap. Most japanning is intact apart from a bald spot on the toe. G \$ 60-120

243 Stearns Pat 1900 spokeshave with adjustable mouth and flexible sole plate for convex & concave work. Lost the japanning from the handles, some pitting to back iron and sole. Fr \$ 40-80

243

244 Stanley 55 combination plane with all attachments and 54 cutters. Only thing missing is the slit. A lot of the nickel plating is intact, just needs cleaning. Good rosewood, all parts free of chips or cracks. 4 cutter boxes are rough and lack lids. G \$ 170-350

245

246

247

245 Stanley 3 CAN smooth plane with notched US logo cutter; hardwood handle & knob with dark finish. Some paint splatters, some rust on blade. Fr \$ 20-40

246 Stanley 3 USA smooth plane, most of the original finish intact: hardwood with dark finish. G+ \$ 25-50

247 Stanley 220 block plane with large ornate adjuster screw, SW cutter and rosewood knob. Surface rust, will clean to at least G \$ 20-40

244

248

249

248 Stanley 40 scrub plane. Lever cap from a 78 seems to work ok. Non-Stanley cutter and adapted rosewood handle. Fr \$ 30-60

249 Complete frog/yoke assembly for Stanley 131 block plane. No chips or cracks. G+ \$ 40-80

250 Stanley 48 T&G plane. Most plating intact but needs cleaning. One cutter is a replacement. G \$ 50-100

250

251

251 Cooper's adze with what looks like the original handle. Minor rust, no pitting and crisp edges. There is one small chip in the cutting edge and a couple more small chips on the edge of the hammer part. There are markings on the side. Fr/G \$ 40-80

252

252

252 This is a most unusual 9" lead hammer mould marked *Cook's Hammer Service E. Providence R.I.* It incorporates a ladle. There is hole to directly pour the lead into the mould, the ladle would have been used to melt and pour excess for any other purpose. The Cook hammer company is still in business and produces quality lead hammers. This great gadget was made in the 1930s. Surface rust and dirt but overall G. Rare. \$ 70-150

253

253 Early fish/eel gleave 5 inches wide, 11" long. Fr \$ 30-60

254

254 Two (out of 6) ½" Buck #8 firmer gouges in original box. G+ \$ 20-40

255

255 Lot of 4 small oil tins (the one on the left is plastic), different variations of 3 in 1 oils. All with good graphics for display. G \$ 20-40

256

256 American blow torch with maker's sticker *Wall Superior*. Complete, free of dents. G \$ 40-80

257

257 Plumb Boy Scouts hatched with original marked hickory handle and leather sheath. Chip out of the handle grip. The leather sheath is a bit rough. Good maker's mark and Boy Scout emblem. G 50-100

258

258 Ornate 9" x 1" x 1" rosewood level with thick brass top plate, brass feet and ornate port cover. In excellent condition with crisp edges and free of chips or cracks. No maker's mark. G+ \$ 40-80

259 Rusby drill in good working order but lacks the lower handle (I'll include one that fits from another drill) Hairline crack in top handle, crank handle is soldered in a fixed position, originally it could be moved. This drill has a long shaft that serves as a chuck extension. You simply press the release button near the lower gear and the shaft extends all the way out, giving you double the reach. G \$ 60-120

259

260 Logging gear including two wedges with maker's marks, two rafting dogs and a short handled pike. Some rust and pitting Fr \$ 40-80

260

262 This is a truly elegant, gracefully formed lipped adze that was not used by a shipwright. Markings on the side *Campbells XXX and NPPRR for Northern Pacific Railroad* 5 ½" cutting edge. A gem. G+ \$ 60-120

262

261

261 Pearson's nailer Pat 1902 & 1908 embossed in handle. Used for 1 inch roofing nails. The nails are placed in the hopper and gravity-feed down a chute to a spring-loaded plunger. A roofer would have used this early "nail-gun" to quickly set a row of nails by hitting the plunger with a hammer. This would then be followed by a second run to sink the nails in the wood. Not really a nail gun, rather a nail dispenser for a trade where you don't want to fiddle with a nail bag 30 feet off the ground. G \$ 50-100

263

263 L. & I. J. White Co. Buffalo 19th c. boxwood plough plane with bone tips to stem-ends. (one is a very good replacement) Beautifully grained wood. Some minor dirt and paint marks and some damage to the stem-thread nearest to the fence. A scarce plane that presents extremely well. G+ \$ 250-500

264

264 Yankee screwdriver & drill lot including a 31A screwdriver with four bits (one Phillips); a Yankee 41 with full complement of 10 bits in handle plus four spares and a wooden container full of Yankee 30 screwdriver conversion chuck/drill bits. All G/G+ \$ 30-60

Selling your tools: If you want to include some or all of your tools in my sales please contact me now.

The next sales are planned for September and December
